MAKE YOUR OWN FRIENDSHIP BRACELETS

Reuse your old plastic bags and make these cool friendship bracelets. Save the planet and impress your friends!

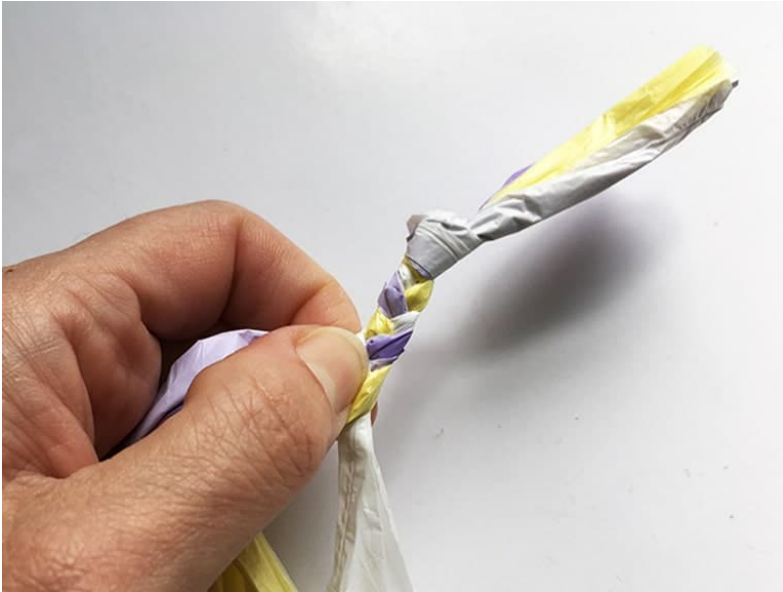

You will need:

- One or more plastic bags
- Scissors
- Optional: beads (small ones for decoration, one bigger one for the clasp)

Directions:

1. Take your plastic bag and lay it flat on the table
2. Cut off the handles and bottom, then cut down the two sides so that you have 2 flat squares of plastic.

3. Cut the plastic into long strips, about 2 inches wide

4. Take 3 of the strips

5. Tie them in a knot at one end like this ←

6. Start to plait the strips together

7. Optional: slide a bead along the middle strip as far as it will go, plait 3 more twists and then add another bead – keep adding beads every 3 twists.

8. When you get to the end, add your big bead and then knot the end.

9. You're done!
